²Gulhane Military Medical Academy, Department of Thoracic Surgery, Ankara, Turkey

Journal of Clinical and Analytical Medicine (JCAM) kendi alanında ciddi ve ilkeli adımlar atmaya devam etmektedir. Derman Tıbbi Yayıncılık bünyesinde kurulan JCAM'a her gün ilgi artarak devam etmektedir. Bugün itibariyle dergimizi 11000 üzerinde okur, yazar ve hakem uzman tabip takip etmektedir. Sekretaryamıza 2012 yılı içerisinde 1445 makale basılması dileğiyle ulaşmıştır. Kabul edilen makalelerin on gün içerisinde on-line ve bir yıl içerisinde de bülten baskısı yapılmıştır. Yayın kurulumuz makale değerlendirme sürecinde, sınırlı imkanlar nedeniyle bir çok eseri red etmek zorunda kalmıştır. Bu süreçte dergi yayın kurulunun kararını anlayışla karşılayan tüm yazarlarımıza teşekkürlerimizi sunarız.

Dergimiz şu ana kadar yirmi kitap baskısını tamamlamıştır. Önümüzdeki yıl bu sayının katlanarak devam edeceği ön görülmektedir.

Journal of Clinical and Analytical Medicine'de gelenek haline gelen yılın en iyi makale ödülü bu yılda sahiplerine ulaştı. Ödül verilecek makaleler bilimsel kurul üyelerinin önerisi ve editör onayıyla tespit edilmektedir. Ödüle hak kazanan makaleler on-line ve e-posta ile okurlarımıza duyuruldu. Bu güne kadar Journal of Clinical and Analytical Medicine'de yayınlanan makalelerden 21'ine "Yılın en iyi makalesi" ödülü verilmiştir[1-21].

Journal of Clinical and Analytical Medicine (JCAM) is keeping on its serious and prestigious notion in its own scope. The interest to JCAM which is published by 'Derman Medical Publishing' is continuing to increase day by day. Over 11000 readers, authors and editor specialist doctors are following the article by today. There have been 1445 article applications for publication to our secretary in 2012. The accepted articles were published in 10 days on-line and in 1 year bulletin. During the evaluation course, our editorial board has had to reject most of the articles because of limited opportunities. We thank to all authors for their nice understanding of our editorial boards decisions during this course.

Our journal has published 20 books until now. We think this number will increase by following years.

The Best Article of The Year Award, which has become a tradition in Journal of Clinical and Analytical Medicine, has gone to the winners this year, too. The articles worth of having award are determined by scientific board suggestion and editorial approval. We announced the articles which have deserved the award on-line and by e-mail to our readers. 21 articles which are published in the Journal of Clinical and Analytical Medicine until now are rewarded with 'The Best Article of The Year Award' [1-21].
